INTRODUCTION.

AT the solicitation of my wife whose maiden name was Martha Anna Rowley, the compiler has undertaken to gather a record of the descendants of her ancestors, being Moses Rowley on her father's, and of George Warner on her mother's side, so far as they relate to her immediate relatives. It is not expected that this record is complete, but is made with as reasonable accuracy as could be expected without entailing large expense to one who is a total stranger to a large portion of the parties named. Should it result in a preservation of the record of her ancestors for the benefit of future generations the object will be attained.

The following abbreviations are used: b. for born, d. for died, m. for married, unm. for unmarried, s. for settled, n. c. for no children, a + before a name signifies that the name appears again under the same number usually in connection with their children.

Any person named in this book, can have a copy without cost on application to
